SIDNEY SABBATH WAS DISQUALIFIED.

Jockey Phillips Deliberately Pulled Him in Front of Compass, the Favorite.

BOOKMAKERS HARD

Judges' Decision Gave the Purse to the Heavily Backed Choice -Katie Powers Gave Talent a Surprise.

REPUBLIC SPECIAL. New Orleans, La., Pab. 9 -Sidney Sabboth won the fifth race, but was disqualified for fouling the favorite, Compass. Jockey Phillips, who rode Skiney, was sur pended for two weeks for rough riding. The foul occurred between the half mile and three-eighths pole. Compass was coming strong, when Phillips deliberately cut across the track in front of the favorite. forcing Aubuchon to pull up to evold a collision. Aubuchon jerhed Compass up so suddenly that the norse went to his knees and all but fell.

While the stewards were investigating the race. Bookmaker Bob Turner posted 6 to 5 on his state that Skines Sabbath would be disqualited and did a land office business. Mark Moore bet him \$500 that Sidney would not be set back,

Like every disqualification of the winter meeting, the Sidney Sabbath-Compass affair proved a couly one to the book-makers. Compass was the favorite and was well backed by the general public. Disinterested observers generally agreed that Compass would certainly have won the race had it not been for Phillips's rough riding. Santa Teresa doundered hadly in the heavy going and was never a factor in the first race.

a facter in the first race.
Exapo won easily from Regian and Bugle Horn after making all the running. Typhonic had to be ridden out to beat Caterpillar in the second. Roue went well for three furlongs, then backed up and landed in third place.
Russell Garth went through in the third race at 18s. Optional and Tommy Knight were the betting cheices, but both finished in the ruck. Russell Garth led from end to end.

in the ruck. Russell Garth led from end to end.

Katie Powers. Mad Mullah and Harmakis finished heads apart in the fourth race. Harmakis led for a half. Katie Powers and Mad Mullah then closed on him and the trio had a terrific finish through the stretch.

Diaphanous went to the front when he pleased in the sixth and galloped over Josette and Laura Hunter. The latter displayed keen speed on the back stretch and was used up chasing Diaphanous.

The weather was oppressively warm. Hayden and Walters, formerly of St. Louis, were among the arrivals.

and spitting. Catarrh is a nuisance

to the one who has it, but everybody

else. The thick, yellow discharge from the head produces a feeling of

personal defilement, and the odor of the breath is almost intolerable.

• The catarrhal poison brings on stomach troubles and affects the Kidneys and Bladder. It attacks the soft bones and tissues of the head and throat, causing total or partial

deafness, the loss of smell, and giving to the voice a rasping, nasal

twang. No part of the body is secure from its ravages. Catarrh makes you sick all over, for it is a dis-

ease of the blood, and circulates all through the system, and for this reason, sprays, washes, inhalers, powders and salves have proven failures.

The way to cure Catarrh thor-

oughly and permanently is to cleanse the blood of the unhealthy secretions that keep the membranes of the body inflamed, and nothing does this so surely and promptly as S. S. As

long as the blood is poisoned with

Two-Men Team Event, Chiengo Players Being Closest Com-

Cleveland, O., Feb. 9 .- At the fourth anset the pace in the two-men team events.

Congress to-day, the Belleville, Iil., team The Belleville team, consisting of Messrs. Elwert and Funcke, had remarkable control of the ball. In the first game, after a bad start. Elwert toppled over 222 pins by successive strikes and spares. His partner in the game rolled up an even double century.

Watsentown, Pa., July 13, 1903.

Dear Sirs:

I have used S. S. S. for Catarrh of the inner car, and have found it an excellent remedy for same. I had been troubled with this disease for years and tried many things in an effort to get relief, but nothing did me any permanent good until I began S. S. S. I had a discharge from my car and my hearing was so badly affected that I could not hear the tick of a clock. I was in bad shape when I began your medicine. S. S. S. has done sway with the discharge and my hearing has been wonderfully improved; so much so that I can now carry on a conversation in an ordinary tone, whereas a year ago this was impossible.

Your medicine has done me a world of good and I do not heatitate to give it the credit it deserves. cent Becker and Herman, who did not appear.

In the third contest in the two-men teams only nine men appeared on the allies, No. 10 being left vacant on account of the fallure of Nickel and Cremmer of Pittsburg to appear.

All the men who fall to appear at the regular hour assigned for bowling probably will forfeit their right to bowl in the tournament, unless an arrangement satisfactory to the congress is made to put them on at times when the alleys are not full.

The scores in the two-men team contests follow: Dear Sirs:

About thirteen years ago I used your remedy for Catarrh. I had been troubled with it for about nine years, but since taking S. S. B. have never been worried with it. I feel able to recommend S. S. S. as a sure cure for Catarrh.

CARDINALS MAY TRAIN AT HOUSTON.

This Is the Latest Place Suggested to the Robisons for "Prepping" Grounds.

HEDGES'S PROSPECTS BRIGHT.

Owner of Browns Thinks Heulsmann and Jones Will Give to His Team Proper Balance.

Although the St. Louis National League tram has not as yet definitely located spring training quarters they have several places under committention, and before another week probably will select one of the places spoken of Houston, Tex., is the latest place sug-

gested to the Messra, Robison for training grounds. Marlin Springs is also under consideration. The Chicago Americans have already

secured Marin Springs. They will only remain there, however, for a short time, and rumor has it that the Cardinals may flock there after the White Sox have flushed their training The time intervening between the Chi-

engo's last appearance at the Texas springs, and the first game with the Browns, however, would be too short for the Cardinals to get in proper condition. So at the present time Houston seems to be the most available place.

Many of the Cardinals will not require much training, and if the Robisons finally decide not to go South the St. Louis National League team will report in very

tional Lengue team will report in very fair shape.
Taylor, Nichols and Corbett, the three pitchers who will be the mainstay of the Cardinals next season, are always in good condition. Out on the ceast Joe Corbeit has already started to work. According to reports from Frisco, Joe is in first-class trim. He wants to be in good shape for the opening of the regular season, and for this reason has begun to train long before the regular "prepping" season.
Taylor is now in Hot Springs. He always keeps himself in condition, and if the season opened to-merrow Jack would be ready to step into the box and give a good account of himself.
Nichols is another player who knews the value of being in proper condition, and he will be in shape by the opening of the season, no matter where the Cardinals train.

The acquisition of Grady by the Cardinals created favorable comment among the local fans yesterday. He will complete the Cardinals' infield. With Grady at first, Donahue or Farrell at second. Shay or Brain at short, and "Jimmy" Burke at third, the Cardinals will present a well-halanced front. Grady will increase the batting of the infleid at least is per cent, and this alone will win many games. Last season first base was one of the weak spots of the Cardinais. Hackett was unused to the place, and, while he was a conscientious worker, no one ever accused him of being in Tenney's class. At that "Jim" was intended for a pitcher and did not come here to play first. He filled the position in an emergency very well, but then the Cardinals will not be an emergency team this year. a well-balanced front. Grady will increase

"Bob" Hedges, owner of the Browns. while not as enthusiastic this spring as he was last over the chances of his agson was third, with 102. Other scores of the day were: McCormack, 94; Doyle, \$5; Scanlon, 80; Collier, 64.

The Tenth District will hold its prac-tice to-day, completing the first round of larget practice for all the districts. Drill-master Roemer predicts better work on the second round, as much time was given to arranging sights and regulating them 107 the 80-foot range.

he was last over the chances of his aggregation, believes that the team will make a good showing.

"Last year," said Mr. Hedges, "we were a little weak at hitting. The foul-strike rule worked a hardship on some of our best hatters. If the American League repeals the foul-strike rule our team should hit at a much-improved clip, and then, too, we did not have a Hueismann or a Jones last year. This pair of sluggers should help matters along in great shape. Hueismann was by far the best man on the Pacific Coast, and it required much trouble to land him. Jones is another player who can hit. He batted exceedingly well in the Eastern League. If this pair can hit at a 336 clip the patrons of Sportsman's Park will see some first-class baseball."

man's Park will see some first-class baseball."

Mr. Hedges thinks the Browns will surprise many of the "wise ones" this year. While he does not look for them to win the pennant, he, like many other good judges of baseball, does not think they showed to their proper form last season. With Jones at first and Padden on second, the Browns will have a stronger infield than they had last season.

"Jimmy" Burke and Jack O'Connor stated last Sunday that they will depart for Hot Springs next Sunday night to prepare for the coming season. Neither player is much out of condition. Burke has but little weight to take off. The Cardinals crack infielder seems to be in better shape than he was last season, and he should maintain the same fast gait at which he played last year. "Jimmy" is practically the only one of the Cardinals infielders who has no opposition for his job. Farrell and Brain will have to hustle to beat Shay and Donahue.

Mike O'Neill has broken into the list of

Oremo

ST. ANN'S TEAM OF THE PARISH ASSOCIATION FOOTBALL LEAGUE

-By a Republic Photographer. Reading from left to right, the names are: Sitting-Connor, Rueter, Dunn, L. Casey, Hechmeyer. Standing-Schottmueller, Ring, Dyer, Butler, B. Casey and Paul McSweener

of his apefulness as a ball player are

Speaking of the longest drive he had ever seen, Jimmy Burke stated hast Sunday that Huelsmann made it, "It was in a game at Kulage's Park, after the close of the regular senson last year," quoth of the regular senson limit year," quoth Jimmy, "I forget who was pitching to Huelsmann, but he got one to his liking. The big rolling-mill man swung on the ball and knocked it over a house behind the park. Had the drive been made in League Park it probably would have cleared the left-field bienchers. That was the greatest wallop I ever saw, and, what is more, Huelsmann can make that kind of a hit with startling regularity."

"Big Boh" Talbot, the former New York State League pitcher, is getting himself into condition for the coming season by playing handball at his place on Franklin avenue. Taibot has several flattering offers to get back in the game and is seriously considering a return to the diamond.

Members of Athletle Club Will Endenvor to Decide Doubles Champions.

Physical Instructor Bassett of the Misouri Athletic Club has the club handball tournament scheduled to hegin tonight. The handball courts are still unaltered, and it is rather a hard matter to secure a satisfactory game. The wire screen of the back walls are nasty playing and make the game largely a matter of luck. The braces in the screens cause

ing and make the game largely a matter of luck. The braces in the sereens cause the ball to take odd and unexpected bounds, and taking a ball coming out of a black hackground is not an easy matter.

Then, if the short lines and serving lines are set nick so as to prevent over more service, the players of the inhand are brought too far back and interfere with the outside. The lights, too, are badly arranged and need changing.

While Mr. Basset hat shown activity in securing a large entry to the tournament and the members have entered in large numbers and excellent quality the players feel that the present condition of the courts is not sailsfactory. The Gymnashum Committee has promised to alter one or two courts so that they would be as instead of 35 feet long and have a solid back wall instead of the dangerous screen. By doing this and taking the glass protectors off the lighting boxes and substituting wire screens and a couple of are lights for the present incandescents a very good court could be secured at an outlay of some £5. As the courts stand, a certain amount of valuable exercise can be secured on them, but no true game of handball, even with the tennis bail.

ESTABLISHED WORLD'S RECORD. Team of Five Makes Score of 488 at Palestine, Tex.

REPUBLIC SPECIAL
Palestine, Tex., Feb. 9.—The Palestine Sporting Club entertained several leading marksmen of the country yesterday. Mesers, T. A. Marshall, Illinois; T. E. Hubby, Texas; R. O. Heikes, Ohio; C. W. Budd, Iowa, and W. H. Herr, Kansas, shot at targets.

sas, shot at targets.

This team, out of 500 shots, broke 488 targets a new world's record. It was formerly 483. W. H. Herr broke 160 straight, also a new world's record. Captain Marshall was also captain of the all-American team that toured England, Ireland, Scotland and France in 1901, winning nearly every event.

THREE BILLIARDISTS TIED. Poggenburg, Minl and Conklin

Struggling for Championship.
